APPLICATION

Leviton's Wi-Fi Outdoor Plug-In Switch brings your Leviton smart home outdoors to your patio, yard, driveway, porch, and more. Installation is easy and requires no wiring – simply plug-in the device to an available 120VAC outlet. Ideal for any residential setting where remote ON/OFF switching of exterior lights, string lights and holiday lights, holiday decorations and inflatables, landscape and path lighting, fountain pumps, aquarium pumps, outdoor fans, and other electronics and small appliances is needed.

Connect to your smart home platform of choice – works with Matter, Amazon Alexa, Google Assistant, Apple Home/Siri, Samsung SmartThings, and more. Use your voice for control or use your mobile device with the My Leviton app even when you're away from home.

The D215O features superior weather protection from extreme temperatures (-20°F to 122°F) and is IP65 rated to protect from dirt, dust, moisture, rain, sprinklers, hoses, snow, and UV corrosion. Unlike other outdoor smart plugs, you can also control your outdoor lighting from a wire-free wall switch using Leviton's Anywhere Switch Companion, DAWSC. Plus, the built-in light sensor can automatically turn lights On during evening hours and Off during daylight hours.

WORKS WITH MY LEVITON

The My Leviton app provides control from anywhere, device customization, scheduling, and management of Decora Smart devices such as dimmers, switches and plug-ins.
- Enable the light sensor or create a schedule to adjust at specific times or based on sunrise/sunset
- Create lighting scenes and activities to automate multiple devices at once
- Optionally use the auto-shutoff feature to act as a countdown timer for outdoor lighting, fountain pumps, outdoor fans and more

SUPPORTS MATTER

Works with all Matter enabled smart devices and Matter certified smart home platforms.

WORKS WITH AMAZON ALEXA

Use your voice to control connected lighting and loads from compatible Alexa devices.

WORKS WITH GOOGLE HOME

Use your voice to control connected lighting and loads with Google Assistant or from the Google Home app.

WORKS WITH APPLE HOME

Add to the Apple Home app using Matter and control with your iOS device, or Siri for voice control. This Matter-certified accessory requires an Apple Home hub such as HomePod or Apple TV running the latest software.

WORKS WITH SMARTTHINGS

Use Matter to connect to a compatible SmartThings Hub for control via the SmartThings app.
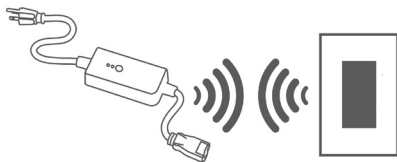

WORKS WITH IFTTT (IF THIS THEN THAT)

Use the free IFTTT service to connect your My Leviton devices with a wide range of supported Internet of Things (IoT) enabled devices and services to create a smarter home automation experience.

WORKS WITH SCHLAGE

Use the My Leviton app to connect to your Schlage Encode™ Smart Wi-Fi Deadbolt and trigger lighting scenes based on lock activity. Make certain you never walk into a dark home when you arrive and make sure select lights are turned off when leaving.

Decora Smart® Outdoor Plug-In Switch

WALL-MOUNT SWITCH CONTROL

The Decora Smart Wi-Fi Outdoor Plug-In Switch can be paired with wire-free DAWSC Anywhere Switch Companion.

Anywhere Companions look like a traditional switch and are easily installed onto any interior wall surface or in an existing wallbox with no wiring required. Up to 3 Switch Companions can be associated to a D215O.

FEATURES AND BENEFITS

- Control your outdoor smart plug from anywhere using the free My Leviton app for iOS and Android
- Supports Matter - works with all Matter enabled smart devices and Matter certified smart home platforms
- Wide operating temperature range of -20°F to 122°F
- IP65 rated for weather resistance to protect electronics from dirt, dust, moisture, rain, sprinklers, hoses, snow, and UV corrosion
- Pairs with up to three DAWSC Anywhere Switch Companions for wire-free wall-mount control
- Light Sensor can be used outside to automatically turn lights On during evening hours and Off during daylight hours
- Rear mounting holes allow easy placement next to an outdoor outlet
- Works with My Leviton, Amazon Alexa, Hey Google, Apple Home/Siri, IFTTT, SmartThings, Schlage
- Connects to Wi-Fi; No hub required
- Create a schedule to control connected loads at specific times, based on sunrise/sunset, or turn off after a specified duration
- Schedules are stored in onboard device memory and will continue to run even during a temporary internet outage
- Wi-Fi operation designed to support outdoor use with signal strength indication in the My Leviton app
- Integrated Status LED and Control Button for ON/OFF
- Off Means Off – Ensures low-wattage LED bulbs always turn off
- With the My Leviton app, control up to 99 devices, 50 rooms, 50 activities, and 50 schedules per residence and up to 20 residences per account
