Dismantling Instructions

1. Remove the conduit from the installation location.
2. Remove any wire cabling from conduit.
3. Send the PVC conduit to a PVC recycling plant or repurposer.
4. In case there are no local recycling plants that accept PVC take it to your local hazardous waste facility for controlled disposal.
5. These instructions are applicable to Carlon ENT Conduits. A specific list can be found on the published Flex-Plus ENT Environmental Product Declaration. library.abb.com

Weight of Main Materials

Part Number	Material	Weight (kg)	Percentage of Total Weight	Recyclable
KBD8263T1	PVC	8.9980	99.41%	Yes
743-06	Other Polymer	0.0530	0.59%	No
