

# Caséta by LUTRON

Discover the power of smart lighting

# What's New with Caséta?

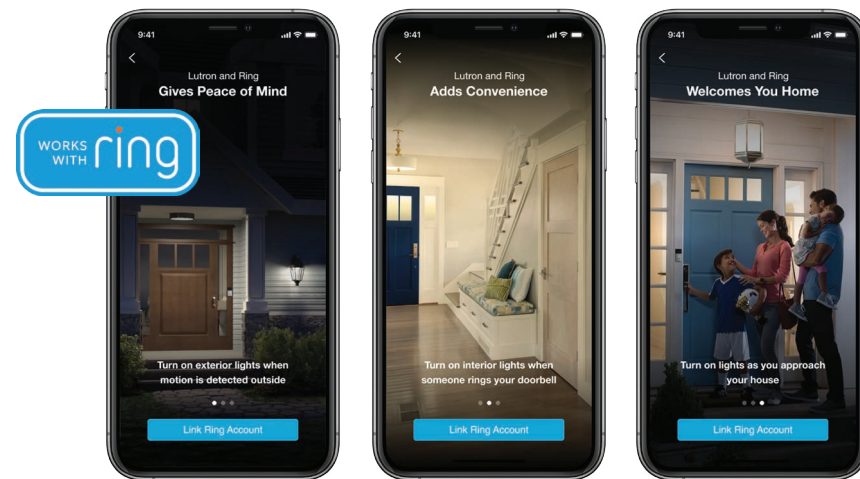

## The Smart Outdoors

Bring a touch of magic to the moments your customers spend outside. The outdoor smart plug is IP-65 rated, with best-in-class, solid core construction to protect the device's inner electronics against the finest dust and heaviest rainfall. The outdoor smart plug is built to last and can withstand severe weather season after season.

## Integration with Ring

Set lights to turn on when a Ring doorbell is activated, or camera detects motion outside. In the Lutron App, connect the Ring account by selecting "Works with Ring" in the Add Devices screen. Once the account is linked, all the Ring doorbells and cameras will be visible.

## Enhanced Sensor Capabilities

Customize when you want the Caséta Sensor to react to motion with the Dusk Mode Feature in the Lutron App. Additionally, you can adjust the time out periods and sensor sensitivity, all through the app.

# Why choose Caséta?

## Introduction

Caséta is an easy way to give your customers a smart home. Install Caséta, and a homeowner can control his lights from anywhere, home or away, with a touch, his voice, or with features that do it automatically.

We've put together six different Caséta kits specifically for you, with everything you need to get started in a space. Then you can add on whenever your customer is ready to expand his smart home.

### Caséta Kits

# Switch & Remote Kit

## Homeowner benefits

- Eliminates the hassle of fumbling around in the dark, trying to find the light switch, for a safe entry
  - Add a switch anywhere (perfect if the current switch isn't where the homeowner wants it)
  - Add a Smart Bridge anytime, for smart home functionality
- Ideal for garages, hallways, and kitchens*

P-PKG1WS-WH

List price **\$87**

\$113.90 if purchased individually

Your savings **23%**

## Add a point of control anywhere

- No more pulling wire — mount the Pico remote almost anywhere
- Mount the Pico flat on a wall or over an existing wallbox
- Each Pico can control multiple switches (Caséta has a device limit of 75)
- Pair each switch with up to 10 Pico remotes

## Features to sell around

- Pico remotes have a 10-year battery life
- No need to cut a hole in a wall in order to mount a Pico

## Potential add-ons

- Caséta smart motion sensor
- Additional Pico remotes for greater control
- A Smart Bridge for more functionality/system expansion

# 3-Way Dimmer Kit with Remote

## Homeowner benefits

- Eliminates the hassle of fumbling around in the dark, trying to find the light switch, for a safe entry
- Add a switch anywhere (perfect if the current switch isn't where the homeowner wants it)
- Add a Smart Bridge anytime, for smart home functionality

***Ideal for hallways, family rooms, and kitchens***

P-DIM-3WAY-WH  
**List price \$92.50**  
\$110.40 if purchased individually  
**Your savings 16%**

## Add a point of control anywhere

- No more pulling wire — mount the Pico remote almost anywhere
- Mount the Pico flat on a wall or over an existing wallbox
- Each Pico can control multiple switches; pair each switch with up to 10 Pico remotes

## Features to sell around

- Pico remotes have a 10-year battery life
- You can add a point of control in 15 minutes
- No neutral required — ideal for older homes

## Potential add-ons

- Caséta smart motion sensor
- Additional Pico remotes for greater control
- A Smart Bridge for more functionality/system expansion

# Lamp Dimmer & Remote Kit

## Homeowner benefits

- Adjust lights on either side of the bed
- No need to put a voice control device in your bedroom to control the lights
- Conveniently control multiple lamps in a room with one remote

*Ideal for bedrooms, living rooms, studies, and home offices*

P-PKG1P-WH  
**List price \$70**  
\$85.00 if purchased individually  
**Your savings 18%**

## Easily add dimming control

- Just plug dimmer into a standard outlet
- Connect up to two lamps per plug-in (both will be controlled together)

## Features to sell around

- Pico remotes have a 10-year battery life
- You can add a point of control in 15 minutes

## Potential add-ons

- Tabletop pedestal
- Additional Pico remotes for greater control

# Smart Switch Starter Kit

## Homeowner benefits

- Always come back to a well-lit home
- Easily check which lights are on or off, using the Lutron App
- Add even more convenience by integrating with Siri, Alexa, or Google Assistant
- Have outdoor lights scheduled to automatically turn on at dusk and off at sunrise

*Take advantage of the geofencing feature to turn lights on when you come home*

*Ideal for outdoor lighting*

P-BDG-PKG1WS  
**List price \$130**  
\$190.00 if purchased individually  
**Your savings 31%**

The Smart Bridge connects to the Wi-Fi router via the Ethernet connection. Setup is easy — follow the step by step instructions in the Lutron App.

## Hassle-free scheduling

- Schedule outdoor light changes by sunrise/sunset or time of day
- No need to come back and adjust the schedule for daylight saving time

## Features to sell around

- Once you add the Smart Bridge, it's easy to add devices to the system
- Outdoor plug for controlling landscape lighting
- The Smart Bridge doesn't depend on the home's Wi-Fi (if the Wi-Fi goes down, Caséta still works)

## Potential add-ons

- Additional switches or dimmers throughout the home
- Pico remotes for additional points of control

You could also set up Smart Away, geofencing, and other app features, for added value for the homeowner.

# Dimmer Kit with Smart Bridge

## Homeowner benefits

- Create the right light for any occasion
- Easily check which lights are on or off, using the Lutron App
- Add even more convenience by integrating with Siri, Alexa, or Google Assistant

*Ideal for the kitchen and living, family, and dining rooms*

P-BDG-PKG1W  
**List price \$140**  
\$211.50 if purchased individually  
**Your savings 33%**

The Smart Bridge connects to the Wi-Fi router via the Ethernet connection. Setup is easy — follow the step by step instructions in the Lutron App.

## Add more smarts — without stress

- Easily add on to projects when you're adding retrofit light kits
- Simply plug the Smart Bridge into the router, download the Lutron App, and follow the instructions
- No neutral required — ideal for older homes

## Features to sell around

- Once you add the Smart Bridge, it's easy to add devices to the system
- Can integrate with the homeowner's favorite voice assistant
- The Smart Bridge doesn't depend on the home's Wi-Fi (if the Wi-Fi goes down, Caséta still works)
- Dim or brighten lights to create the perfect atmosphere for any activity

## Potential add-ons

- Additional switches or dimmers throughout the home
- Pico remotes for additional points of control

# Smart Lamp Timer Kit

## Homeowner benefits

- Perfect for rooms with no overhead lighting
  - Control lights with voice integration, the Lutron App, or a Pico remote
- Ideal for living rooms and bedrooms*

**P-BDG-PKG1P**  
**List price \$140**  
\$195.00 if purchased individually  
**Your savings 28%**

The Smart Bridge connects to the Wi-Fi router via the Ethernet connection. Setup is easy — follow the step by step instructions in the Lutron App.

## Easily add dimming control

- Just plug dimmer into a standard outlet
- Connect up to two lamps per plug-in (both will be controlled together)

## Features to sell around

- Plug-in can control up to two lamps
- Pico remotes have a 10-year battery life

## Potential add-ons

- Tabletop pedestal
- Pico remotes for greater control
- Additional dimmers and switches

# Dimmers

Controls wall and ceiling lights

### Caséta provides superior dimming for dimmable LEDs

- Easily adjust the low-end trim for flicker-free dimming
- Mix different bulb types on the same circuit
- UL Listed to dim 100's of LED light bulbs
- Find the list at [CasetaWireless.com/support](https://CasetaWireless.com/support)

Controls ELV, LED, and more.

## Dimmer

- Doesn't require a neutral wire — ideal for retrofit or new construction
- No polarity for line or load wiring — mistake-proof wiring
- Works with compatible dimmable LEDs (up to 150W), halogen and incandescent bulbs (up to 600W)
- Use Pico remotes for additional dimmers in 3-way or multi-location dimming applications

## Dimmer PRO

- Works with dimmable LEDs (up to 250W), halogen/incandescent (up to 1000W) and MLV (up to 1000 VA)
- Compatible with Lutron LTE LED drivers, PHPM, and GRX-TVI interfaces
- Neutral wire optional (required for MLV and drivers/interfaces)
- Use Pico remotes or existing toggle switches in 3-way or multi-location applications
- **Only available to the Pros. Not yet a PRO? Sign up at [lutron.com/PRO](https://lutron.com/PRO)**

## Dimmer ELV+

- Works with all load types — dimmer is phase selective
- Favorite button for preset level on dimmer (matches Pico remote)
- 500W ELV/HAL/INC
- 400W MLV
- 250W LED
- Neutral wire required
- 10W minimum load
- Use Pico remotes for additional dimmers in 3-way or multi-location dimming applications

# Switches

Controls wall and ceiling lights,  
as well as general purpose fans

## Neutral switch

- Neutral wire required — provides higher capacity and 10W minimum load or one LED bulb
- Use Pico remotes or existing toggle switches in 3-way or multi-location switching applications
- Controls 6A lighting load (LED, HAL, INC, CFL) or 3.6A fan load
- 5A model also available

## Switch PRO

- Dual voltage — works in 120V and 277V applications
- Doesn't require a neutral wire
- Minimum load cap included (for switching LED, CFL, and ELV loads)
- Use Pico remotes or existing toggle switches in 3-way or multi-location switching applications
- **Only available to the Pros. Not yet a PRO? Sign up at [lutron.com/PRO](https://lutron.com/PRO)**

# Plug-in lamp dimmer

Controls table and  
floor lamps

## Plug-in lamp dimmer

- Features two receptacles for simultaneous control of two lamps
- Simply plugs into a standard wall receptacle
- Works with dimmable LEDs (up to 100W)
- Also works with halogen and incandescent bulbs (up to 300W)
- First lamp dimmer added to Smart Bridge acts as a Clear Connect range extender — provides 30ft. of additional range (limit one per system)

# Smart Outdoor Plug Weatherproof+

## Switching control for

- String lights
- Holiday lights
- Landscape lights
- Pumps
- Motors

# Fan control

Controls ceiling fans

## Smart outdoor plug

- Switches 15A lighting load, ½ HP motor load, 1200 VA (8A) lighting transformer/magnetic ballast loads
- Pair with Pico remote for control from within the home. Plugs into a GFCI outlet
- Set up a schedule in the Lutron App\* once and the timer functionality will adjust with the seasons
- Integrates with Alexa, Apple HomeKit, Google Assistant, and Ring\*

\* For App functionality and all integrations, Smart Bridge or Smart Bridge PRO is required

## Fan speed control

- Neutral wire required — can control one AC ceiling fan
- Use Pico fan remotes in 3-way or multi-location control applications
- 4-speed fan control and off
- Favorite button to recall preferred fan speed setting

## Pico fan remote control

- Provides convenient remote control
- Add an additional point of fan control without having to wire anything
- Battery powered — features a 10-year battery life
- Works with Caséta fan speed control

# Pico remotes

Mount a Pico to a tabletop pedestal, clip it to a car visor, or mount it to a wall.

Tabletop pedestal

Car visor clip

Wall-mounting kit

## Promoting the Pico

Don't forget to emphasize the ease of adding 3-way control with a Pico. Make sure to stress to homeowners that you won't have to climb into their attic or other tight space to run wire and cut holes.

3-scene control

2-group switch control

Dimming control

## Pico remote control

- Provides convenient remote control
- Add a light switch without having to wire anything
- Battery powered — features a 10-year battery life
- Works with Caséta dimmers, switches, and wireless shades

## 4-button Pico remote control PRO

### Choose from three options

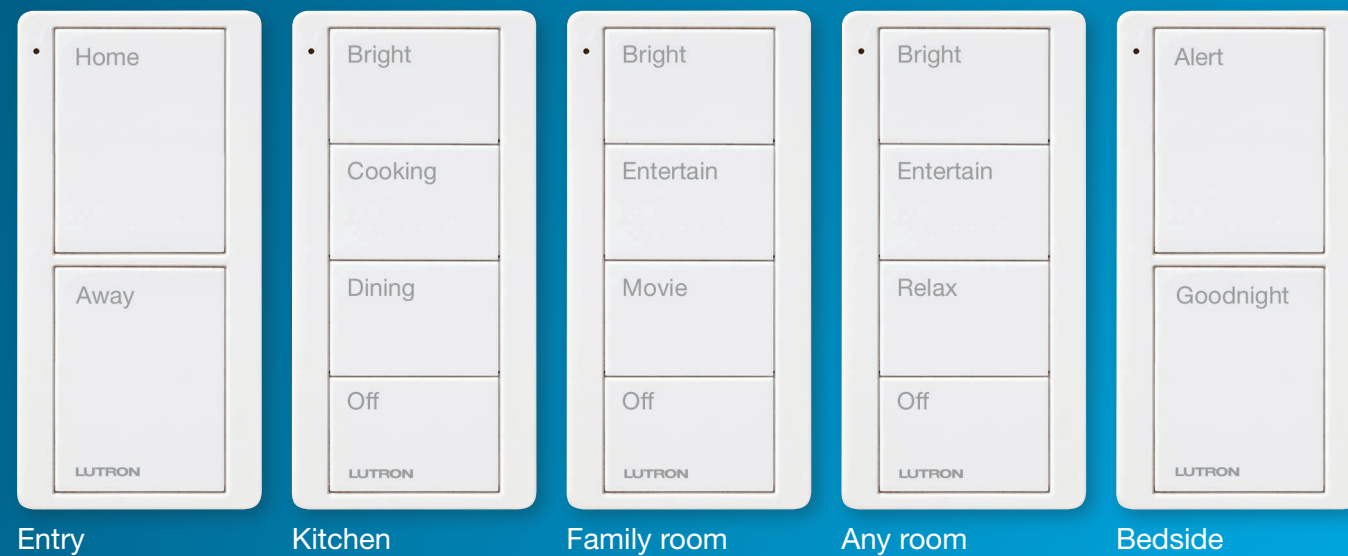

- 3-scene control — create three different scenes, as well as turn all lights off
- 2-group switch control — control two groups of lights independently from one another
- Dimming control — same functionality (full on/off and raise/lower) as a standard Pico remote control, but in a 4-button aesthetic
- **Only available to the Pros. Not yet a PRO? Sign up at [lutron.com/PRO](https://lutron.com/PRO)**

**Note:** light/shade and shade-only 4-button remotes also available

Visit [lutron.com/pico](https://lutron.com/pico) for information on model numbers and engraving options

## Pico scene keypads

## Wireless sensor

Turn lights on and off automatically

### NEW! Dusk Mode Feature

- Adjust the time periods when the sensor is active (sunset to sunrise, or a fixed time)
- Adjust the time out periods and sensitivity settings
- Select the lights/fans to be controlled by the sensor

### Pico scene keypad

- Provides access to scene control with the touch of a button
- Keypad automatically programs when added to room in app
- Each button is individually configurable for multiple lights and shades, as well as for audio
- Pre-engraved buttons for typical scenes/activities
- 2- or 4-button options available
- **Only available to the Pros. Not yet a PRO? Sign up at [lutron.com/PRO](https://lutron.com/PRO)**

### Wireless sensor

- Mount on a wall, corner, or a horizontal surface
- 180° field of view
- Ideal for hallways, closets, bathrooms, etc.
- Occupancy and vacancy versions are available
- Battery powered — features a 10-year battery life
- Can control one or many Caséta dimmers and switches

# Smart Bridge

## Get started in 3 simple steps

- 1 Connect the Ethernet cable and power cord to the Smart Bridge

- 2 Download the FREE Lutron App

- 3 Launch the app and walk through setup

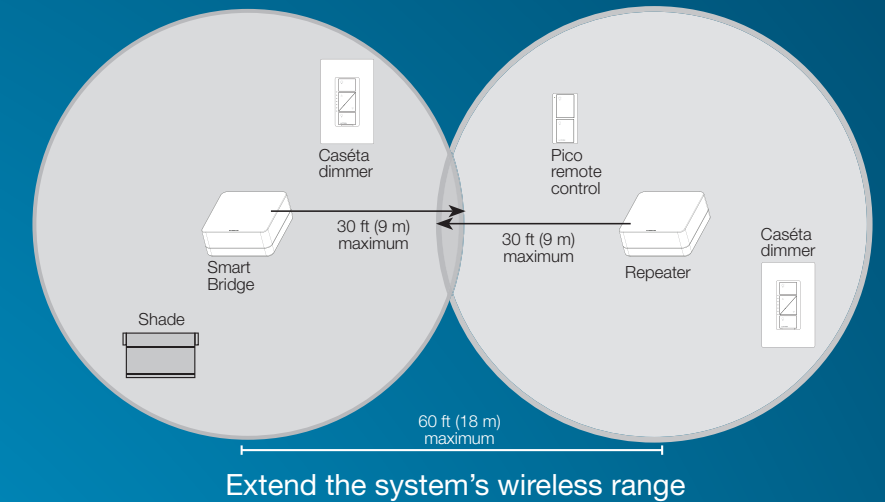

## Smart Bridge

- Enables control of lights, shades, and temperature using the Lutron App
- Compatible with Caséta dimmers and switches, Serena shades, Honeywell Wi-Fi Thermostats, Sonos speakers, and the major voice assistants (Amazon Alexa, Google Assistant, and Siri)
- Easy to install; just plugs into a Wi-Fi router
- Uses Clear Connect wireless technology — no customer callbacks

## Smart Bridge PRO

- Also compatible with Lutron Triathlon battery-powered shades and select styles of Sivoia QS Wireless shades
- Adds integration with third-party A/V remote controls and security systems
- **Only available to the Pros. Not yet a PRO? Sign up at [lutron.com/PRO](https://lutron.com/PRO)**

# Repeater

## Repeater

- Extend the system range up to 60 ft
- Repeater must be within 60ft of the Smart Bridge
- Only one repeater per Smart Bridge (needs to be within range of the bridge)
- Plug it in anywhere, does not require an Ethernet connection

# Lutron App

## Lutron App

- Control individual lights, shades, thermostats, and speakers — even when away from home
- Intuitive interface makes adding and scheduling scenes to adjust lights and shades easy
- Set up the system in contractor mode — bypass the homeowner registration process and quickly configure the system
- Homeowners can:
  - receive notifications on their smart device if they've left lights on when they leave home
  - use the geofencing feature to automatically turn lights on as they arrive home/turn them off as they leave
  - create a lived-in look with the "Smart Away" feature, which allows them to pick several lights that will randomly turn on/off in the evening when they're away

# Shades

Caséta expands beyond lighting control. It works with other connected home solutions, such as shades, thermostats, ceiling fans, and even other manufacturer's apps.

## Shading solutions

Eliminate glare, create privacy, and help keep a room cool, all with one touch.

Roller

Honeycomb

Wood Blind

## Lutron automated shades

- Battery-powered; batteries last 3–5 years
- Wireless, easy to install
- Cordless design
- Available in roller, insulating honeycomb, and wood blind styles
- Additional styles compatible with the Smart Bridge PRO (Triathlon shades and select styles of Sivoia QS Wireless shades)

# Thermostats and Ceiling Fans

## Wireless thermostats

Control heating and cooling from anywhere using the Lutron App and a wide range of compatible thermostats.

(available from Lutron)

### Lutron-Honeywell Wireless Thermostat

- Remotely control a home's temperature from the Lutron App
- 7-day programmable schedule
- Large touchscreen display with backlight
- Precise comfort control of temperature and humidity
- The Lutron App is also compatible with the following:

## HomeKit-enabled ceiling fans

Conveniently adjust ceiling fans from the Lutron App or by using Siri. Turn them on and off, and change speeds. And if the fan has a light attached to it, homeowners can even adjust that, too — right from their phone.

### Hunter Symphony and Signal ceiling fans

- 54" ceiling fans with either plastic (Symphony) or wooden (Signal and Apache) blades
- Both fans include an integrated light kit
- Whisperwind motor delivers quiet, ultra-powerful air movement
- For additional product information visit [hunterfan.com](http://hunterfan.com)

## Additional smart home technology

### Amazon Alexa

Create just the right light using Alexa voice control. Ask Alexa to turn lights on, off, or dim them to your favorite level.

### Apple HomeKit

The Smart Bridge contains Apple HomeKit technology, so you can use Siri to control your lights and shades.

### The Google Assistant

Get the lights with just your voice. Smart lighting control is now available through any Google Assistant-enabled device.

### IFTTT (If This Then That)

Create IFTTT recipes: a sequence of conditions that when triggered (If This) cause your Caséta system to turn on the lights or open the shades (Then That).

### Logitech Harmony

Dim lights, lower shades, and start a movie with one button press on Logitech Harmony hub-based remote controls or from the Harmony app.

### Ring

The Lutron Smart Bridge gives Ring doorbells and cameras a way to connect seamlessly with Caséta smart lighting. Set entryway lights to turn on any time someone rings the doorbell.

### Samsung SmartThings

Control lights and shades from the Samsung SmartThings app, and create new routines to tie in other smart devices like locks, sensors, cameras, and more.

### Sonos

Control your Sonos Home Sound System from a Pico remote control for audio or from scenes in the Lutron App. You can also control your lights using your voice via the Sonos One with Amazon Alexa & Google Assistant.

### XFINITY Home

Control your lights from anywhere using the XFINITY Home app.

# Ordering Information

## Pro-level integration\*

### Security

Automatically turn off lights and close shades when arming the security system before leaving for the day. Turn lights on and open shades when disarming the system when arriving home or in the event of an alarm.

### AV

Combine all connected home solutions into one app.

\* Smart Bridge PRO required for pro-level integration

Product	Name	Model Number	Specifications/Descriptions	Voltage	List Price
