

Type A and Type-C Port Charging is Easy and Convenient!

Charge with Leviton quality!

This In-Wall USB Charger is an ideal adapter-free charging solution for smartphones and other small devices. It offers users the option of a Type A port or a Type-C port to conveniently meet the needs of a wide range of devices – from older models to the latest technology. Leviton USB Chargers have built-in smart chip technology that recognizes the individual device's charging requirements to optimize the charge. Additionally, all outlets are Tamper-Resistant for enhanced safety.

Choosing the Charger That's Right for You

Leviton's extensive line of chargers includes a variety of models for any application that are safe, powerful, and compatible with more of the newest devices.

Installation

Leviton USB In-Wall Chargers easily replace a standard receptacle for a convenient upgrade.

Applications

Ideal for residential and commercial applications including kitchens, bedrooms, home offices, college dormitories, airport lounges, hospitals, salons and spas, hotels, meeting rooms, cafes, restaurants and more.

18W total charging power.
